ABOUT

Full Stack Developer with 7+ years of experience building scalable web applications and leading engineering teams. Currently Deputy Manager & Tech Lead at Navana Group, overseeing development and infrastructure across multiple high-traffic web products. Deep expertise in React, Next.js, Node.js, and Go, with hands-on experience in Linux server administration, CI/CD pipelines, and enterprise CMS platforms (Quintype/Bold/Malibu). Recipient of the Prothom Alo Best Employee Award 2023.

WORK EXPERIENCE

Deputy Manager & Tech Lead

Navana Group | Dhaka, Bangladesh | Jul 2025 – Present

- Lead the technology team responsible for web development and infrastructure across 10+ corporate sites including navana.com, navanarealestate.com, Gloria Jean's Coffees BD, La Tarte BD, Navana Logistics, Navana Furniture, Navana CNG, and Navana Engineering.
- Manage and maintain production Linux (AlmaLinux 8) VPS servers with cPanel/WHM.
- Architect and develop full stack web applications using Next.js (App Router), Node.js, and React for internal tools and customer-facing platforms.
- Set up CI/CD pipelines, systemd services, Apache reverse proxy configurations, and CSF firewall hardening.
- Drive engineering best practices, code reviews, and technical decision-making across the team.

Web Developer

Prothom Alo | Karwan Bazar, Dhaka | Jul 2021 – Jun 2025

- Developed and maintained web products for Bangladesh's largest circulated newspaper using the Quintype/Bold CMS and Malibu framework.
- Built performant frontend experiences with React and Next.js, optimizing for SEO and Core Web Vitals on a platform serving 6.6M+ daily readers.
- Implemented SSR pipelines and custom Node.js services integrated with the Quintype API ecosystem.
- Delivered features including live blogs, story templates, collection pages, and subscription flows.
- Worked with GA4, Chartbeat, Google Publisher Tag, DFP, Cloudflare, AWS S3, and CDN integrations.
- Designed and prototyped UI in Figma; conducted regular code reviews ensuring high code quality.

Executive (Developer)

Nassa Group | Dhaka, Bangladesh | Nov 2019 – Jun 2021

- Developed 5+ Android apps (Java) and 4+ web applications using Angular, React, and Express.js.
- Contributed to ERP system development integrating HR, operations, and business management features.
- Designed and managed PostgreSQL schemas; deployed applications on Windows Server with IIS.
- Integrated REST APIs for seamless frontend-backend communication; ensured cross-platform compatibility.

App Developer

Wizdoor | Mirpur, Dhaka | Jun 2019 – Nov 2019

- Developed Android applications (Java) and web interfaces using Angular, HTML, CSS, and JavaScript.
- Integrated REST APIs for seamless data communication; optimized UI performance for cross-device compatibility.
